10PROPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,
10OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS: I am unable to tolerate the effects of other
forms of estrogen. Having access to a compounding
pharmacy has made my life bearable and plays
a significant role in my battle against osteoporosis.
I beg you not to limit access to a pharmacy
just because it is in a different state.
Thank you for considering my comments.
